

ScanShell® 800DX

POWERED BY **acuant**

A6 Duplex Scanner

The ScanShell® 800DX is a high-speed A6 duplex card scanner offering simultaneous high image capture quality of both sides of the scanned document.

ScanShell® 800DX is equipped with high speed USB 2.0 standard interface and does not require external power supply.

Its light-weight, small footprint and simple connection make the ScanShell® 800DX a unique and convenient solution for simultaneous double side scanning for both desktop and mobile use.

- USB 2.0 Interface, no external power required
- Duplex Scanning Technology
- Small Footprint
- TWAIN compatible
- Lightweight and fully portable
