

POSITION: QUALITY ASSURANCE (QA) ENGINEER

LOCATION: COLONIA NÁPOLES, FEDERAL DISTRICT, MEXICO

WHO WE ARE

Acuant is a leading B2B provider of identity verification technology. We are revolutionizing the way consumers transact by allowing businesses to quickly and seamlessly identify who they are doing business on any platform while protecting both parties. Join a global team that works with leaders in all industries to deliver best in class technology.

Acuant's Trusted Identity Platform provides complete identity verification based on your level of risk so you can build your business with valid customers. Powered by AI for the highest speed and accuracy, omnichannel products enable seamless customer experiences to increase conversions in the digital economy. Scalable, secure and compliant (KYC, AML & GDPR), Acuant allows businesses to establish trusted identities from any location in seconds. www.acuant.com

WHAT WE LOOK FOR

We are looking for an experienced individual to form a close partnership with developers to take a feature from product requirements, to test plan, to test execution.

Key Qualifications:

- 3+ years of industry work experience.
- Strong automation test scripting experience using Selenium/Cucumber.
- Coding experience with one or more scripting or programming languages (Java and Python highly desirable).
- Working knowledge of Version Control repository management services (Github/Gitlab).
- Working knowledge of CI/CD.
- Light Linux administration (desirable).

Soft Skills Qualifications:

- Fluent written and spoken English.
- Ability to take abstract user requirements and verify that our product addresses the underlying use case
- Strong communication skills, both written and verbal.
- Ability to work within a small high achieving team, as well as independently.
- Self-driven, highly motivated, innovative.

WHAT YOU BE RESPONSIBLE FOR

The ideal candidate will develop test automation scripts on top of our Test Engine based on Selenium and Java as well as perform manual testing. You will become an expert and the go to person of the features you own.

HOW WE VALUE OUR EMPLOYEES

- You will always be heard, decisions are collaborative
- Competitive compensation
- Challenging and rewarding work
- Generous benefits package
- Work with an incredible team of smart and mission-driven people
